

## Safety Talk Tuesday

### Destination: Night Driving Night-time Facts and Tips for Safer Driving

Even though there is much less traffic on the road **50%** of accidents occur **at night.**

### Keep Your Windshield **CLEAN!**

Glare from headlights can reflect on dust and dirt on a windshield decreasing visibility. Clean your windshield regularly to prevent visibility loss!

### Consider your Night Vision!

When it is Dark out our field of vision is limited!  
Give yourself more time to perceive a hazard by  
**reducing your speed!**
