

THE ROADMAP OF WORKERS' COMP RISK:

Workers' Compensation Obstacles in Moving & Storage Operations

AHEAD:
WORKERS' COMPENSATION
HAZARDS

TIME IS MONEY
Delays in reporting work-related injuries can increase the cost of a workers' compensation claim by 51%.²

KEEP IT LIGHT
A return-to-work program with light duty assignments shortens the time an injured worker is away from their job by a month.³

RISKY BUSINESS
Nearly 50% of all workers' compensation claims for lost time are for strain or sprain injuries.¹

PHYSICAL INJURIES

DELAYED CLAIM REPORTING

EMPLOYEE LOST TIME

THE SOONER, THE BETTER
If employees do not return to work within 120 days, they have less than a 10% chance of ever returning to any job.⁴
